### **The 2020 AGM to be held at 7.30pm prior to the 21st September General meeting**

This delayed AGM originally planned for the April meeting will be conducted at the September meeting. The President's and Treasurer's reports were published in the June Newsletter together with the Minutes of the 2019 AGM. They were also sent to members at the end of August. Please read these before the meeting.

The AGM program will start with approval of the 2019 AGM minutes. We will then ask for acceptance and any questions of the President's and Treasurer's reports as published. Following this there will be the determination of the fees for 2021/22 and appointment of the auditor. The election of the President and committee will then take place as per the constitution.

We look forward to a quick conclusion of the AGM meeting.

**Our September Newsletter** was the last edition and in the July Bulletin we thanked our editor Judy Brown. The committee are investigating replacing the quarterly newsletter with an Annual Journal. We will keep you informed on this.

**Shirley Sumerling** resigned earlier this year and was BHS delivery organiser for the newsletter. She was much appreciated. Until about 5 years ago prior to the emailed version, Shirley sorted and gave many bundles of newsletters to members to deliver locally. She also posted quite a few to members and organisations.

We wish Shirley all the best.

**At the State Library.** An exhibition of George French Angas paintings and drawings of SA runs from 10 Aug to late November In the State Library on North Terrace.
